GERMANS SIGN PEACE TERMS

WAR WITH GERMANY FORMALLY TERMINATED AS ENVOYS FIX SIGNATURES TO DOCUMENT

VERSAILLES, June 28.—The Peace Treaty is signed. The German delegates put their names to the allied peace treaty today, formally ending war between the Allied Powers and Germany.

VERSAILLES, June 28.—Premier Clemenceau put the direct question to the Germans whether they were willing to sign and execute loyally all the terms. The other delegates did not arise when the Germans came into the hall.

VERSAILLES, June 28.—Germany's delegates and the delegates of the allied and associated powers met in Versailles today and formally ended the war between Germany and twenty-seven other nations.

The credentials of the new German delegates were approved during the forenoon. Last minute changes were made

in the program to expedite the signing of the treaty. Two additional tables were placed beside the one with the historic Hall of Mirrors. The peace treaty was deposited on the table in the Hall of Mirrors at 2:10 o'clock by William Martin of the French Foreign office. It was enclosed in a stamped leather case. Premier Clemenceau entered the hall at 2:20 o'clock.

A few minutes before 3 o'clock fifteen enlisted men from the American, British and French armies entered the hall amid decorous cheers. President Wilson entered the Hall of Mirrors at 2:50 o'clock. All the delegates were then seated except the Chinese.

The Germans entered the hall at exactly 3 o'clock. The Chinese delegates shortly thereafter the hour set for the signing of the treaty, reiterated their intention not to sign.

KAISER MAY KILL SELF OPINION OF SON

LONDON, June 28.—The Kaiser will kill himself rather than to submit to the indignity of a trial by his enemies, according to his son, the ex-crown prince, in an interview with the Daily Express' correspondent at Wieringen.

The prince made the declaration after a conference with his father, which he had this week. It was to the castle where the ex-kaiser is interned that he had gone and not to Germany, the crown prince said. He seemed to enjoy the excitement caused by his temporary absence.

"The Kaiser will never submit to trial. He will die first," declared Frederick Wilhelm.

"I am going to Germany myself as soon as peace is formally declared. I will go to Silesia."

The former crown prince refused to discuss the war. He declared, however, that East Prussians and Silesians will never accept Polish rule.

Great trouble is ahead for the League of Nations, he thought.

"I was visiting my father when it was reported I was in Germany," concluded the interview.

MAJOR SMITH IS IN RICHMOND AS STIDHAM GUEST

Major C. C. Smith, adjutant general in charge of ammunition trains and who came to the coast a day or two ago by way of the Santa Fe Railroad, with fourteen cars of soldiers and his ammunition train equipment, including several companies of casuals, is the guest of H. G. Stidham at his home on the west side of the city.

Major Smith is a cousin of Mr. Stidham's, and was a veteran of the Spanish-American war, having seen service in the Philippines and Cuba. Shortly afterward he resigned his commission, which was that of colonel, and retired to private life.

When the war with Germany came on, however, he offered his services to the government of the United States and took the rating of Major and placed in command of an ammunition train which was destined for overseas, but for one reason or other he did not get across, but remained on special duty in the vicinity of the Atlantic coast all the time. He expects to remain in town for several days as the guest of Mr. Stidham.

MRS. POAGE IS HOME FROM ROOSEVELT HOSPITAL. Mrs. A. H. Poage, who had the misfortune to break her arm some days ago when she fell in a street car at San Pablo and University avenue in Berkeley, is home from Roosevelt hospital and is doing nicely. In a few weeks it is expected that the injured arm will be as good as ever.

LOCAL PYTHIAN LODGE GROWING WITH RAPID STRIDES

Richmond Knights of Pythias held a social session in Pythian Castle on Friday night, electing three new members and referring two applications to investigating committees. Next Friday being Independence Day, no convention will be held, and the Page Rank will be conferred on July 11th, Esquire July 18th, Knight, July 25th.

On August 19th, Richmond Pythians will pay a fraternal visit to Sausalito, and on September 13th the Dramatic Order, Knights of Khorassan, will hold a ceremonial here under the auspices of Al Bo-rak Temple No. 201 of Oakland.

Captain A. Lilley and his team during the past four months, and will be dined by the losing teams, captained by Captains H. H. Moore, Wright, Black and Delaney. The membership getters are being initiated in the mysteries of O. M. A., and plans are being laid to renew the effort to make Richmond Lodge No. 13 the largest lodge of the order round San Francisco Bay.

Deputy Grand Chancellor H. H. Moore received his commission this week, and installed C. A. Long as Inner Guard, Robert L. Chandler paid his lodge a fraternal visit after an absence of seven years. Master of Finance R. G. Lee is receiving congratulations of friends. During the term ending June 30th he has brought the lodge through without a single suspended member. His work for the past two years is unequalled by any of the 227 lodges of the fraternity in California.

RALPH BECK IS BENEDICT

Information was conveyed to friends in this city by J. Ralph Beck, formerly of Richmond, and son of Mr. and Mrs. W. T. Beck, of 224 North Third street, that he was married last Sunday to Miss Gladys M. Pearson, formerly of this city, but lately of Hartley, Iowa. The ceremony was performed at the Methodist Church there by Rev. T. S. Bassett.

Both Beck and his bride are well known in this city. Beck having been called into the military service from Richmond, later going overseas with the Ninety-first division. On returning he located in Kansas City, Mo., where the couple will now reside. Beck is in the automobile business there.

LOCAL PRINTER TAKES POPULAR GIRL AS BRIDE

Hollister C. Calkins, of the mechanical department of the Record-Herald, and Miss Irene Grunhut, one of the charming young ladies of this city, were quietly married in one of the Oakland churches today by Reverend Thomas J. Boyer, of the First Christian church of this city.

The young people have a host of friends in this city and the towns through the San Joaquin Valley who will be glad to extend their most heartfelt congratulations. After spending several days at one of the coast pleasure resorts they will return to this city to reside.

BITTER FIGHT IN PROSPECT OVER PEACE COVENANT

WASHINGTON, June 28.—Signing at Versailles of the peace treaty with Germany, announced for today, formally brings to a close the world's greatest war.

Although technical termination of the war will come to each nation only when the treaty is approved by the ratifying power of that nation to all intents and purposes the conflict that began in August, 1914, ended when in the historic Hall of Mirrors, the accredited peace commissioners were brought to an armistice granted Germany last November 11th.

Portions of the treaty with Austria yet remain to be completed, and negotiations with Turkey and Bulgaria still must be conducted, but as to Germany, chief of the enemy powers, only the work of carrying out through the long series of years of provisions of the treaty remains. With the departure from Paris tonight of President Wilson preparatory to sailing tomorrow from Brest on the George Washington, the center of the interest as regards the treaty shifts to the Senate, ratification by which is necessary for actual termination of the war between this country and Germany.

Due to opposition to the League of Nations covenant—a part of the treaty—and to certain provisions of the treaty itself, the contest in the Senate is expected to be long and bitter.

ALUMNI BALL IS BIG EVENT FOR THIS EVENING

The annual alumni ball is to take place this evening, the guest of honor being the seniors of the high school, at East Shore Park, and from the invitations sent out, five hundred in number, it is confidently expected that a large crowd will be present, and that those who attend will be pleasantly entertained. Lentzen's orchestra is to furnish the music.

All today the decorating committee has been as busy as bees beautifying the hall, and this afternoon it presents a very delightful appearance. The committee in charge of this feature of the high school function is composed of the following: Marshall Glavinovich, chairman; Ruth Adair, Mark Wilson, Donald McGregor, Bayard Lang and Maurine Schafer.

FRANK MOITZA HERE.

Frank Moitza, pioneer constable of this city and San Pablo, but now engaged in the real estate business in San Francisco, was in town today attending to business matters. His firm is handling a large amount of Richmond property.

PLANNING EXPERT CHENEY WILL COME TO RICHMOND AND TELL THE PEOPLE OF NEEDS REGARDING PARKS

That the Community Council of this city is in favor of beautifying the city to make it a better place in which to live was manifested last night at the meeting held in the Lincoln Auditorium when the council voted fifty dollars to pay Charles H. Cheney, city planning expert, to come to Richmond for one day in the near future to make a preliminary survey of the city to ascertain our needs. Mr. Cheney will come here in the morning and spend the day looking over the city, and in the evening will give an illustrated lecture on city planning. He is a thoroughly competent authority on work of this character, being the city planning expert for San Francisco and Portland and twenty-seven other towns of lesser importance in California.

work of city planning, and it is expected that after the first survey is made the matter will be taken, and pushed to completion by the municipal government. Aided by the officers and members of the Community Council it is expected that much can be done along this line within the next few years.

A committee composed of R. E. Slattery, C. F. Seeman and Mrs. Katherine Smith was appointed to review the workings of the fire department and to determine if the community council can be of assistance to them in obtaining anything they need.

The council voted to meet in the future regularly on the first Friday of every month, the president having the power to call a special meeting at any time.

Mrs. Katherine Smith and others asked that a paid secretary be appointed to look after the business affairs of the body, create interest in the organization among the members, and perform other duties. It was suggested that another dance be held to secure funds for the hiring of a secretary. A committee composed of Miss McNeill, Messrs. Bailey and Slattery were appointed to report on the matter at the next meeting.

After considerable discussion on the subject the council voted to make a formal protest to the city council against the purchase of a plot of land in Sunset View cemetery as a memorial to the soldiers and sailors who gave their lives in the war and also those who served. Councilman John Gerlach, C. F.

community club or other project would be a more fitting memorial, giving the boys something while they are alive. The city council has adopted a resolution to subscribe \$5,500 to the purchase of the plot, and will take final action when the new budget is made up in July.

Mrs. Smith and Messrs. Martin and Seeman were appointed to the committee to take the matter before the city council and protest against the purchase of the land. It has been definitely decided to take a vacation of the Council, probably until August 1st, or until a call is made by the chair. The next meeting will probably take place when the planning expert comes to Richmond to deliver his lecture in the evening.

WHY WORRY? BOOKS ON THE NERVES AT THE LOCAL LIBRARY

Why Worry? (George Walton)—If one is afflicted with temperamental nervousness. Are you a worrier? Have you been bitten by the germ of the great American disease, neurasthenia? Then read what Dr. Walton has to say. He can cure you. He has cured hundreds of thousands since he first wrote this book. It is not new, but it is decidedly worth reading, and it can help you forget the worst of all troubles—those that never happened.

Nerve Control and How to Secure It (H. A. Bruce). This treats the subject of the nerves in a thoughtful and helpful way.

The Way With the Nerves (Joseph Collins)—Dr. Collins goes quite deeply into the matter of the nervous inheritance, classifying nervous disorders and giving a lot of good advice as to what occupation to choose

if one is afflicted with temperamental nervousness. The Mastery of Nervousness (Robert S. Carroll)—Dr. Carroll defines nervousness, states the types, the causes and the cure in moulding the will.

Power Through Repose (Annie Payson Call). Nerves and Common Sense (Annie Payson Call)—Miss Call has written half a dozen books, but the two named above have been the most widely read.

Nerves and the War (Annie Payson Call)—Again Miss Call has written on her favorite theme. She begins: "Nerves have everything to do with the war."

War-Time Nerves (Herbert J. Hall) is a little book of dreams from Europe written through the eyes of a physician.

UTILIZING THE SALOON.

In the remodeling of one New York City saloon there is a suggestion of what may be accomplished by the establishment of community centers. According to reports received by the United States Department of Labor new buildings for community centers are planned in a number of towns and the recent adaptation of a corner, long the resort of men living in the neighborhood of One Hundred and Twenty-fifth street and Amsterdam Avenue shows what may be accomplished in one form of practical readjustment.

To serve as headquarters of a visiting nurse service that is part of the famous Henry Street settlement organization, the big room has been thoroughly renovated. It is painted in cream color and dull gold curtains hang at the windows. A long box of growing ferns extends along the tiled window ledge and in one rounded corner is an arbor-like piece of lattice work over which ivy grows. Comfortable cushioned wicker chairs and a lounge invite visitors to rest, and long tables are provided for the use of district nurses, while they are making out reports or writing directions for their patients.

At the central desk sits a uniformed nurse who has charge of the service. Money to pay for the skilled attendance an amount sufficient to cover actual expenses, a nominal charge is made, but if the patient is unable to pay, attention is given free. To aid in supplying the constantly increasing demand for nurses Columbia University is continuing to maintain the intensive training course established to meet war needs.

Since the recent influenza epidemic the value of public health nursing has been appreciated as never before and visiting nurse services are being maintained in many cities. It is predicted that within the next few years no village or town will be without this organized work for the conservation of life. Its need in maternity cases has been constantly demonstrated, and, as in this instance of remodeled saloons, one of these centers may have co-operating with it a milk station where the care and feeding of infants focuses attention.

While the New York corner saloon is in no sense a recreation center, it has certain social activities. Its formal opening was an occasion of much interest, for a reception was arranged at which Prof. H. A. Winslow of Yale University and Dean Russell of Teachers' College told the guests of the plans for the development of the visiting nurse service.

As part of the community center scheme, it is pointed out by experts in work for civic betterment, a visiting nurse service should not be overlooked, and in places where projects necessarily must be limited the club room may be used at least part of the time for lectures on hygiene and instruction to mothers of young children.

STAMP OUT BOLSHIEVISM

When the head of the department of Justice announces definitely the knowledge of a widespread plot to overthrow the government, and that he can ever approximate the date of the threatened uprising, it is time for quick action of a nature so drastic that after the returns are

in Bolshevism will be so dead in this country that even its ghost cannot exercise an influence on the national life for a hundred years to come.

We have been all too lenient with the forces of disorder, controlled mainly by aliens who have not even the artificial justification of naturalization papers to warrant their interference in the domestic affairs of America. The time has come for something more than words whether the agitators be of low degree, or whether they pose as a radical wing of the upper ten thousand.

All of them are not aliens. There are a few native born persons who give aid and comfort to seditionists and malcontents, and these are the worst offenders.

If Mr. Palmer has the information he says he has it should be easy to hunt down the ringleaders and bring them to justice. Life and property must be made safe in this country, else free government is a failure and the Constitution a fraud.

It begins to look as if Canada would repeal her wartime prohibition act at the same time that the United States goes dry. The original program in the Dominion called for continuance of prohibition for one year after the coming of peace. Having had three years of no liquor public sentiment, are knocking out the one year clause, substituting therefor the provision that license shall be returned immediately, with some modifications as to the sale of wet goods. This ought to be cheerful news to our thirsty who live near the border.

Senator Sherman of Illinois might take to writing dime novels or movie scenarios when he returns to private life. He displayed more imagination than sense in his senate speech wherein he expressed the fear that the adoption of the League of Nations covenant would bring the world under the domination of the Pope. There are enough good and sufficient reasons for opposing the league as projected without raising the religious issue. But since when have the anti-clerical governments of Italy, France and other countries become friendly to the Vatican?

The allies have issued orders to the Germans to sign the peace treaty and to do so at once. The Germans are using the same tactics in this matter of making the new treaty that they have practiced in all other matters, where the other nations are concerned. What it amounts to is plain dishonesty—the kind that caused them to violate a solemn binding treaty with Belgium and sneeringly remark that it was nothing but a scrap of paper.

There is a certain editor in bone dry Kansas who has evidently had a change of heart. Only the other day, the town boys who had been "over there" came gaily marching home. The editor gave them the once over. Then he repaired to his sanctum and wrote: "The terrible effect of the demon cigarette and the diabolical vin blanc, and the satanic beer on our boys who have just come back from the trenches is very evident. The poor fellows were so husky and full of pep that they could not walk more than forty-eight hours at a time and could not eat more than eight meals a day."

Burleson has been called on to end the telephone strike, and whether he does it or not it will amount to all the same so far as the regard his countrymen—and we should aid countrywomen—have for him. Since he took the office of postmaster general Burleson has been "bailing up" things pretty badly wherever he could and this matter of the telephone is about the last straw.

"A TEMPERANCE TOWN" WILL OPEN AT OAKLAND ORPHEUM

"A Temperance Town" opens its engagement with the matinee at the Orpheum tomorrow.

This is news of the arrival in Oakland of the big laugh; in fact, the biggest theatrical laugh in many and many a month, of a play with laughs bubbling up with every line, howls and shrieks of mirth; in fact, just one long laugh camouflaged as a play.

It's the story of the Great Thirst told in the most mirthful way. Vaudeville stars have kidded the July Thirst. Comic papers have joked about it. But "A Temperance Town" makes it a classic of fun, situation after situation adding to the joy of it, line after line piling up the laughs.

"A laughing hit" is a term far too tame for "A Temperance Town." It is a regular bombshell of laughter.

"A Temperance Town" pokes uproarious fun at every expedient for drinking in a bone dry land, from the classical raisin in the Bevo to the Peruna cocktails. The hollow leg

of the table and the fountain pen laughs; comic lines and comic characters, thirsty and otherwise, mingle in a gale of merriment. The cast is very large, about twenty people had to be added to the Baker players to depict all the types in the play, and very special scenery had to be painted.

Incidentally, in conformity with the spirit of the occasion, the humor is "dry." This is a state secret; but the bottle that the tippling arguer drinks from in the big scene with the prohibition preacher containing nothing but sarsaparilla.

Seats are going fast for this classic of fun, and reservations can be made at the Orpheum or the Broadway box office at Lenhardt's.

VAUDEVILLE WILL BE BIG FEATURE TOMORROW AT RICHMOND

Heading the big five act vaudeville show of the Richmond Theatre Sunday will be Stone and Manning, who present an excellent dancing novelty under the title of "Dancing Comedians." They specialize in eccentric and soft shoe styles of terpsichore. The feature of it will be a fast "Nationality Dance," in which the dances of the principal countries will be presented with a pleasing accentuation.

Of unusual interest to music lovers will be the appearance of Jos. B. Carey, the blind Music Master, in company with Sydney Traynor, the favorite California baritone. The act is a gem of rare harmony, the music being composed by the talented blind song writer and pianist.

Florence Melrose is the original popular girl with her sweet and chic rendition of latest songs; Joe Birnes springs a lot of snoring and comedy and lives up to the title of "Snore Singing Comedian." Another big hit on the program is the act presented by Lockhart and Laddies with their unique "Attempts at Suicide." They are extraordinarily funny comedy athletes.

Charles Ray in the feature, "String Beans," and a Pathe News completes the program.

Geraldine Farrar ventures from the romantic and dramatic atmosphere of the Pyrenees in Spain down to the dregs of civilization—an Apache den in Paris—in "The Stronger Vow," at the Richmond Theatre today, her latest Goldwyn picture, surroundings vastly different from her recent success, "Shadows," which revealed her as a dance hall girl of Alaska as well as a society leader in the East.

Does your meter work over-time?

Yes—meters have been found that were not registering correctly.

But the meters used by this company do not register more water than passes through them—more water than is actually used. They might sometimes register less by becoming clogged with dirt or sediment from the outside.

This condition may cause the meter to run slow—and you are charged with less water than is actually used.

In the past, when consumers have insisted that their meters registered high, these meters have been taken out, sealed and tested in the presence of the consumer.

During the past year about 1000 meters were taken from the ground and tested, after being in use from 1 to 5 years. None of these meters registered high. Only a small number registered less water than the amount actually passing through them.

The meter in your parking is a cash register—counting accurately the water you use—and reporting its reading to our inspectors. This reading, turned in at the office, forms the basis of the bill you receive.

Wants to Help Others

Mrs. V. M. Bickford, 721 Sixth street, Richmond, Cal., writes Dr. Sing that in appreciation for her restored health and in hopes of helping "some other sufferer to health," she is writing a testimonial, from which the following is quoted:

"After consulting several doctors my case was called incurable unless I submitted to an operation. I was very weak and wasted away to a shadow, with temperature every day.

"Was operated upon and found temporary relief for about six months, when I developed a severe case of bladder trouble with pains in the back just below the shoulder blades.

"I also had terrible headaches and vomiting spells until I raised clots of blood. The doctors then diagnosed my case as ulcers of the stomach.

"I moved to Richmond about a year ago, because much worse, could not eat without terrible agony, and could not sleep, vomited more often with burning in throat and lungs, and had a temperature of 101 and 102 degrees every day. * * *

"I had an X-ray plate made which showed spots on the lungs and my case was called tubercular. * * *

"My attention was called to the Chinese herb remedies by a friend. Today, after two months and a half of treatment, with you, I have no aches or pains, vomiting and headaches are entirely gone, and I can rest happy in the knowledge that tuberculosis has no terror for me.

* * * I can gladly recommend Dr. Sing to any one needing help.

DEPUTY SHERIFF'S STATEMENT

"Mr. A. S. Andrade, deputy sheriff, indorses the famous PONG WAN HERB TEA. His personal testimonial reads: "Richmond," Feb. 8, '19

"I suffered from nervousness, headache and deafness. My health was so poor that I was unable to do anything. I had tried many doctors and had also been treated at the University Clinic. The doctors there inserted an instrument into my nose for the purpose of restoring my hearing. Its only effect was to cause me awful pain and bleeding. Then my nose also became stopped up and my suffering was worse than before."

"At last I saw a Pong Wan Herb Tea advertisement. I went to their wonderful Herb specialist, and now after six weeks am entirely well in every way. This letter of recommendation is prompted by gratitude."
